UV SANITIZATION

Mac-Wood (India) is a product marketing company that represents various well reputed local, national & international firms in East India. We work as channel partners with various product & services companies that are willing to expand into the East Indian markets.

Our company has been operating in this region for the past 40 years and has a strong understanding of its markets & consumer preferences. In the past decade Mac-Wood (India) has partnered with more than 57 products & services companies which included companies from India, Spain, Malaysia, Thailand, Germany, China & Singapore. We sell more than 56 products/services all across 5 (out of the 9) East Indian States and now slowly getting into Pan India for the same
